Dr. Ruit and Dr. Tabin co-founded the Himalayan Cataract Project to cure as much unnecessary blindness as they could in their lifetimes as described in Second Suns: Two Doctors and Their Amazing Quest to Restore Sight and Save Lives, by David Oliver Relin.
Dear Friends,

It is with great pleasure that we share this 2017 Annual Report with you, capturing a truly transformational year. Together with our partners, in 2017, we reached over 1.5 million people with screening and basic treatment – including over 115,000 sight-restoring surgeries. In addition, we supported training opportunities for 315 eye care personnel from countries across the world including Nepal, Ghana, Ethiopia, Bhutan, India, Myanmar, Indonesia, Uganda and Tanzania.

Early in the year, the Himalayan Cataract Project was named one of eight semi-finalists out of 1,904 applicants - the top .5% - in the MacArthur Foundation’s 100&Change competition, for promising real and measurable progress in solving a critical problem of our time. By outlining how we will scale eye care in Ethiopia, Ghana, and Nepal over the coming five years, we created a blueprint for eliminating cataract blindness globally. Despite strong public support from the BBC and others, HCP did not advance as one of the four finalists. Nevertheless, the competition provided a major endorsement of our work and raised awareness of a global health problem that we can solve. As a result, we are aiming higher than we have ever aimed before.

Throughout the year, we continued to advance high quality eye care and restore sight at a record-setting pace, providing 30% more screenings and treatments than in 2016. We continued to train the next generation of highly skilled ophthalmologists, nurses and technicians, increasing the number of training opportunities. Highlights from our country programs include:

**Nepal:** Our partners at the Tilganga Institute of Ophthalmology examined over 580,000 patients and provided 28,632 surgeries this year.

**Ethiopia:** Our direct care for hard to reach patients continued to increase. Ten years ago, we provided 759 surgeries, and in 2017, we supported 16,575 outreach cataract surgeries.

**Ghana:** We established a new National Cataract Outreach Program, and HCP’s partner institutions provided care to over 100,000 outpatients, including approximately 5,500 surgeries.

**Bhutan:** We broke ground in October on a new 17,750 square foot National Eye Hospital, with an anticipated completion date in 2019.

Millions of viewers became aware of our efforts through the lens of 60 Minutes, underscoring the impact of our work and our model. Co-founders Drs. Sanduk Ruit and Geoff Tabin were also awarded the 2017 Einstein Genius Award, as two of the top 100 visionaries in the last century.

We take great pride in our financial efficiency and accountability. We know you expect us to use your funds wisely, and we are committed to maximizing the value of every donation we receive, directing those funds where they are most needed.

We cannot thank you enough for the support you have provided to make our work possible. Your continued commitment and your tremendous generosity will change lives forever. On behalf of our board, staff, and program partners, thank you.
Himalayan Cataract Project: Restoring Sight, Changing Lives

According to the WHO, it is estimated that 36 million people worldwide suffer from blindness – but most don’t have to. More than half are blind due to cataracts, and close to 80% live in low- and middle-income countries. The Himalayan Cataract Project (HCP) brings life-changing eye care to people in underserved areas of the world and trains local personnel to build sustainable eye care systems for the future.

In 2017, HCP and its partners provided screenings for almost 1.5 million individuals and performed over 115,000 surgeries throughout seven countries in Asia and Sub-Saharan Africa. We also directly supported the training of 315 ophthalmic personnel — an increase of 139% over 2016.
HIGHLIGHTS OF 2017

HCP Named Semi-finalist in MacArthur 100&Change Competition

The Himalayan Cataract Project was named one of eight semi-finalists out of 1,904 applicants - the top .5% - in the MacArthur Foundation 100&Change competition, for promising real and measurable progress in solving a critical problem of our time. By outlining how we will scale eye care in Ethiopia, Ghana, and Nepal over the coming five years, we created a blueprint for eliminating cataract blindness globally. Despite strong public support from the BBC and others, HCP did not advance as one of the four finalists. Nevertheless, the competition provided a major endorsement of our work and raised awareness of a global health problem that we can solve. As a result, we are aiming higher than we've ever aimed before.

GENIUS: 100 VISIONS OF THE FUTURE

A Century of Genius Celebration

To celebrate the centennial of Einstein’s Relativity Theory and to launch the publication of the 3D book, Genius: 100 Visions of the Future, the Einstein Legacy Project held a three day event to honor a Century of Genius. This star studded event brought together Genius contributors - which included HCP Co-Founders, Dr. Sanduk Ruit and Dr. Geoff Tabin - along with young Einsteins and dignitaries from around the world. Held in Montreal, Canada, September 7-10, the weekend highlighted three key events: the Innovation Youth Forum, Genius 100: Innovation Summit, where Drs. Ruit and Tabin were honored for their contribution, and The Dinner of the Century.

Dr. Geoff Tabin receives eChievement Award

HCP Chairman and Co-Founder, Dr. Geoff Tabin was awarded an eChievement award for his work to eliminate needless blindness in the world during a segment from eTown, a nationally syndicated radio show located in Boulder, CO.
Patient Care
Tilganga and its 15 satellites saw a 34% increase in the number of outpatient cases in 2017 over 2016.

Training
HCP provided support for 75 Nepali eye care professionals to receive ongoing education, both in Nepal and internationally, including hands-on subspecialty training and observerships for ophthalmologists, skills transfer opportunities for mid-level personnel and primary eye-care workers, and sponsorship for ophthalmology conferences. The Tilganga Academic and Training Department also saw an overall increase in the total number of trainees attending programs at Tilganga - 1,675 from 15 countries, of which 59 were doctors.
A Foundation for Excellence

In November, construction of staff housing at the Hetauda Community Eye Hospital commenced. These new facilities will allow more subspecialists training at Tilganga to visit for longer periods of time, strengthening our ability to provide long-term training opportunities for our partners.

Tilganga Leading the Way in Addressing Corneal Blindness

In 2017, 759 corneas were retrieved in Nepal, 109% of their 2017 annual target and a 22% increase over 2016. HCP has partnered with SightLife since 2011 to strengthen the Nepal Eye Bank, implemented by Tilganga.

New Corneal Ulcer Prevention Program

In partnership with SightLife, HCP established a long-term partnership that will support the development of community health workers (CHWs) in Nepal to diagnose and manage corneal abrasions before they escalate to corneal blindness through the following programmatic objectives:

- Increase the number of corneal abrasions diagnosed and managed by trained CHWs
- Increase the number of patient referrals to local eye hospitals
- Decrease the number of days between ocular trauma and first report to a care provider
- Decrease the incidence of corneal abrasions that progress in corneal ulcers
- Continue HCP’s role in Nepal as a leader in addressing corneal blindness in the country

Small Country, Big Impact

HCP has worked in Bhutan since 2000, partnering with the Royal Government to develop a comprehensive eye care system for the nation of less than 800,000. HCP has supported the training of all the country’s subspecialists in some capacity and dozens of paramedical staff.

2017 Highlights

- Our partners in Bhutan performed 526 surgeries in outreach settings over the course of 14 outreach campaigns.

- School-based eye exams were provided to 98,732 students, 4,904 of which were identified as having refractive error.

- HCP provided support for the implementation of the National Eye Strategy.

- Screening efforts in relation to a Rapid Assessment of Avoidable Blindness (RAAB) survey were carried out in the fourth quarter of 2017.

**Rapid Assessment of Avoidable Blindness (RAAB)**

Bhutan’s 2017 Rapid Assessment of Avoidable Blindness (RAAB) survey began in December. Once completed, Bhutan will have up-to-date data on visual impairment and blindness, which will help the World Health Organization (WHO) and Bhutan’s Ministry of Health determine the country’s performance as compared to the WHO Global Action Plan, 2014-2019. The results will be comparable with the 2009 RAAB survey data. Moreover, it will also show the trend of blindness and impact of ongoing eye care service delivery in Bhutan.
Emphasis on Infrastructure

Construction began on Bhutan’s new National Eye Hospital in the country’s capital, Thimphu. The project is a collaboration between HCP, Tilganga, the Ministry of Health of Bhutan and the WEN Giving Foundation.

HCP co-founder, Dr. Sanduk Ruit attends the official launching of the Gyalyum Kesang Choeden Wangchuck National Eye Center in Bhutan. From left to right: Serabla Ruit, Her Royal Highness Ashi Kesang Wangmo Wangchuck, Dr. Sanduk Ruit, Her Majesty The Royal Grand Mother Ashi Kesang Choeden Wangchuck, Mei Wen of WEN Giving.
HCP programs serve two eye care facilities in the Uttar Pradesh region of northern India. These surgical outreach and skills transfer events are implemented by the Tilganga Institute of Ophthalmology’s international outreach team.

In 2017, HCP support resulted in 2,615 cataract surgeries at four high-volume surgical workshops.

Tilganga’s master trainer, Dr. Govinda Paudel, led teams at the Kripalu Charity Eye Hospital in Mangarh and Vrindavan, Uttar Pradesh in March, September and October 2017.
In February, HCP Board Member, Dr. Matt Oliva spent one week at Rumah Sakit Umum Pusat (RSUP), Dr. Sardjito Eye Hospital and Dr. Yap Eye Hospital in Indonesia followed by one week in Myanmar at Yangon Eye Hospital, conducting cornea subspecialty training workshops.

Through this unique training opportunity, Dr. Oliva assisted local ophthalmologists in performing corneal transplants; delivered lectures on corneal surgical techniques; conducted wet lab skills-based training with ophthalmology residents; and lectured on eye banking. Capacity building for local eye care personnel is the cornerstone of HCP’s approach to eliminating needless blindness, and this type of subspecialty skills transfer is critical in Indonesia and Myanmar where the blindness rate is high and hundreds of thousands suffer from corneal blindness.
In 2017, HCP directly supported 16,575 surgeries in outreach settings, including 16,153 cataract surgeries, a 42% increase over 2016. It is estimated that a total of 70,000 cataract surgeries are performed each year in Ethiopia.

HCP partnered with 14 institutions across Ethiopia and the Federal Ministry of Health to provide high-quality, low-cost cataract and other subspecialty surgeries. In collaboration with these partners, HCP worked to expand their outreach surgical coverage providing high quality cataract and subspecialty surgery to patients who otherwise would have no access to eye care.

HCP has supported me throughout my pediatric subspecialty training, which started at Tilganga in Nepal with a focus on pediatric cataract surgery. After I finished those five months of training, I was able to return to Ethiopia and perform a lot of surgeries. Adding to the tremendous amount of help in strengthening the eye care systems in Ethiopia through HCP support.”

– DR. ZELALEM GIZACHEW TEKLE, Addis Ababa University (AAU) /Menelik II Hospital, Ethiopia

HIMALAYAN CATARACT PROJECT
Focus on Training

In 2017, HCP provided 132 training opportunities to ophthalmic personnel from Ethiopia, a 110% increase over 2016 (63). This included an increase in in-country hands-on workshops led by visiting HCP volunteer ophthalmologists and Master Trainers from the Tilganga Institute of Ophthalmology. Workshops included training in corneal surgery, pediatrics, oculoplastics, phacoemulsification, biomedical maintenance and capacity building of Ethiopian ophthalmic nurses in high volume cataract campaign management.

Replicating Tilganga’s model in sub-Saharan Africa:

- Biomedical Maintenance Workshop led by Tilganga Master Trainers, Krishna Shrestha and Hari Vinwar, provided training for biomedical technicians from 10 HCP partner institutions, which included theoretical lectures as well as hands-on training component in trainees’ home institutions.
- Tilganga’s Dr. Suman Thapa provided Glaucoma training to Dr. Zelalem Eshetu at Menelik II and Dr. Fisseha Admassu at Gondar in October.
- Dr. Srijana Adhikari, also from Tilganga, led an on-site hands-on pediatric subspecialty skills transfer for Dr. Zelalem Gizechew at Menelik II and Dr. Kumale Tolesa at Jimma in November.

Successful ASCRS Residency Program Coordinator Initiative

In January, the American Society of Cataract and Refractive Surgery (ASCRS) Foundation accepted HCP’s proposal for the development of a distinct Residency Program Coordinator position at the five main teaching hospitals in Ethiopia (Menelik II, St. Paul’s, Hawassa, Jimma and Gondar) along with the Sinskey Eye Institute. The aim of this program is to establish program coordinators who are responsible for overseeing the ophthalmology residency program within their respective hospital and ensure the quality of didactic and clinical education, resident selection and evaluation and patient management, with the ultimate goal of strengthening ophthalmology education within Ethiopia.
ETHIOPIA

USAID Child Blindness Grant
With support from the United States Agency for International Development (USAID) Child Blindness program, HCP worked to improve child eye health at Menelik II Hospital (Addis Ababa University). The grant provided training for seven eye care professionals from Menelik II Hospital, including subspecialty pediatric fellowship training for two ophthalmologists. The grant also provided cataract surgery and follow-up care to 120 children who would not have otherwise been able to access these eye care services.

Eye Bank of Ethiopia
In 2017, the Eye Bank successfully collected 217 corneas for transplant. Since 2011, HCP has been working in partnership with the Ethiopian Ministry of Health, SightLife and Orbis International to increase efficiency of the Eye Bank and attract more ophthalmologists to the Cornea Subspecialty.

Advocacy
HCP participated in the National Eye Health Planning Workshop in March. The meeting addressed general eye health status updates, preparation for the second national blindness and visual impairment survey, finalization of a five year national eye health strategic plan, cataract backlog clearance initiative and the challenges of human resources for eye health workers.

HCP also provided support for advocacy groups within the country including the Ophthalmological Society of Ethiopia, Ethiopian Cataract Surgeons Association, and World Sight Day.
AFRICA

GHANA

National Cataract Outreach Program Launch

In an effort to address the national backlog and improve cataract care at the country level, Ghana Health Service (GHS), in partnership with HCP, launched the first National Cataract Outreach Program (NCOP).

The NCOP was developed in collaboration with stakeholders representing the Ministry of Health, HCP, representatives from private and public sectors as well as national Eye Health Professional Groups. A series of meetings was held in the first three quarters of 2017 to establish guidelines for expanding the reach of cataract care by increasing the quantity and improving the quality of cataract outreach campaigns in all regions of the country.

![Ghana All-Partner Screening 2005–2017](image)
HCP was instrumental in the construction of the current ultramodern building which currently houses the eye unit, with the help of USAID’s Office of American Schools and Hospitals Abroad (USAID/ASHA). The investments from HCP and USAID/ASHA have revolutionized eyecare at KATH, which is the second biggest teaching hospital in the country, also serving as a referral point for eye cases in the central and some northern parts of Ghana.”

– DR. AKWASI AHMED, KATH Retinal Specialist

HIMALAYAN CATARACT PROJECT
Clinical Care
HCP’s partners in Ghana provided eye screening and comprehensive care services for 105,949 people and performed 5,981 surgeries, including 3,478 conducted during outreach efforts - a 29% increase over 2016.

Training Highlights
In 2017, HCP provided 28 training opportunities for ophthalmic personnel from Ghana, as compared to just six in 2016. Three in-country subspecialty training programs took place at KATH: Dr. Matt Bujak provided Cornea training, Dr. Anya Gushchin and Dr. Brent Hayek led an Oculoplastics Workshop, and Orbis hosted a Glaucoma Hospital-based program. HCP also convened a Partner Collaboration Meeting in October between KATH, Korle Bu, Tamale and OEU regarding Residency Rotations to increase exposure to surgical skills.
HCP procured more than $3.68 million in ophthalmic equipment and supplies for programs in 19 countries. Funding from HCP supporters helps to ensure that dependable equipment and materials are available where and when needed for HCP programs.
In 2017, 15 ophthalmologists participated in both hands-on trainings and observerships as part of ophthalmology subspecialty fellowships in pediatrics, cornea, retina, glaucoma, neuro-ophthalmology and uveitis.

HCP provides training opportunities to ophthalmic personnel at all levels including ophthalmologists, nurses, optometrists, and community health workers, among others, each of whom is integral to the development of an efficient and sustainable eye care system. In 2017, eye care professionals benefitted from 69 short-term exposure training opportunities, which involve intensive instruction in a particular field of study, in the U.S., sub-Saharan Africa and Asia.

### TRAINING RESIDENCY SUPPORT

**Building the Next Generation of Ophthalmologists**

HCP supports medical residents who specialize in the field of Ophthalmology. Residents represent the future of eye health for their countries and are vital to the establishment of sustainable eye care systems. Residents learn within their training institutions from HCP affiliated ophthalmologists who provide lectures and hands-on surgical training often through outreach surgical events at other implementing partner sites. Residents also rotate at other training institutions to gain experience in a variety of clinical and surgical environments.
TRAINING

INTERNATIONAL COUNCIL OF OPHTHALMOLOGY (ICO) EXAMS

Ethiopia: HCP sponsored 40 ophthalmology residents in Ethiopia to sit for the International Council of Ophthalmology (ICO) Basic Science and Optics & Refraction Exams. The ICO Examinations are the only worldwide medical-specialty examinations. They are independent and free of any outside influence and can be taken in the candidate's own country. The questions are prepared by an international group of examiners and set at the same standard as the highest board and qualifying examinations anywhere. Each year, the ICO offers examinations throughout the world to help ophthalmologists evaluate their knowledge in the basic science and clinical sciences related to ophthalmology.

Ghana: HCP Sponsored 13 residents from KATH and Korle Bu to take the ICO Basic Science and Optics & Refraction Exams. Seven residents from Komfo Anokye Teaching Hospital (KATH) and two residents from Korle Bu Teaching Hospital in Ghana were awarded ophthalmic equipment kits after successful completion of both International Council of Ophthalmology (ICO) Basic Science and Optics and Refractive exams.

Dr. Gifty Adom, Dr. Mildred Aleser, Dr. Prince Amissah, Dr. Esinam Ayisi-Boateng, Dr. Joseph Kwarteng, Dr. Akosua Mensa-Bonsu, and Dr. Nina Tiertoore of KATH and Dr. Kwaku Kwarteng and Dr. John Mattia of Korle Bu awarded with ophthalmic equipment kits after successful completion of both ICO Basic Science and Optics and Refractive exams.
Faculty exchanges form the backbone of HCP training programs. In 2017, 35 weeks of critical teaching and mentoring were provided at our implementing partner institutions in Nepal, Ethiopia, Rwanda, Kenya, Ghana and India.

In addition to subspecialty fellowships and short-term trainings, HCP sponsors attendance to various conference and workshops designed to improve clinical skills and share knowledge on best practices in ophthalmology. In 2017, HCP supported 200 individuals for participation in conferences and workshops.

1. Primary Eye Care Workshop
   Thimphu, Bhutan  |  February 7-10 & 14-17, 2017

2. Asia-Pacific Academy of Ophthalmology Congress
   Singapore  |  March 1-5, 2017

3. SightLife Annual Meeting
   Delhi, India  |  March 3-6, 2017

4. Ophthalmic Assistant Refresher Workshop
   Thimphu, Bhutan  |  March 1-14 & 15-30, 2017

5. Delhi Ophthalmic Conference
   Delhi, India  |  April 6-11, 2017

6. American Society of Cataract and Refractive Surgery Annual Meeting
   Los Angeles, CA, U.S.  |  May 5-9, 2017

7. Canadian Ophthalmological Society Annual Meeting & Exhibition
   Montreal, CA  |  June 15-19, 2017

8. Female Community Health Volunteer Workshop
   Mustang, Nepal  |  July 22-23 & 24-25, 2017

9. International and Community Ophthalmology Conference
   Portland, OR, U.S.  |  July 28-29, 2017

10. College of Ophthalmology of Eastern Central and Southern Africa Congress
    Kampala, Uganda  |  August 16-18, 2017

11. Biomedical Technician Workshop
    Ethiopia (Multiple Locations)  |  September 5-25, 2017

12. World Optometry Congress
    Paris, France  |  September 11-12, 2017

13. International Association for the Prevention of Blindness Member Meeting
    Kathmandu, Nepal  |  September 17-18, 2017

14. Strategic Human Resource Planning Meeting
    Singapore  |  September 18-24, 2017

15. One World Retinoblastoma Conference
    Washington, D.C., U.S.  |  October 9-11, 2017

    New Orleans, LA, U.S.  |  November 9-10, 2017

17. American Academy of Ophthalmology Annual Session
    New Orleans, LA, U.S.  |  November, 10-14, 2017

18. Cornea Lecture Series
    Addis Ababa, Ethiopia  |  December 11-16, 2017

19. Kerakon Conference
    Hyderabad, India  |  December 15-17, 2017

20. Eye Worker Refresher Workshop
    Kathmandu, Nepal  |  December 25, 2017 - January 7, 2017

The generous financial support of HCP’s donors is enhanced by the invaluable services of volunteers who share their time, expertise and services, as well as businesses, organizations and individuals that provide equipment, consumables and goods for our work. The medical volunteers assist in our educational programs, teaching the next generation of ophthalmologists from low- and middle-income countries. The non-medical volunteers share their special expertise and promote the organization’s mission.

The Himalayan Cataract Project greatly appreciates the generosity of the following businesses, organizations and individuals that contributed in-kind support, totaling more than $2.3 million.

60 MINUTES, OUT OF DARKNESS

On Sunday, April 16, 2017, CBS aired a compelling segment that featured HCP co-founders Drs. Sanduk Ruit and Geoffrey Tabin, on one of America’s most prestigious shows, 60 Minutes. Program host Bill Whitaker and a team of filmmakers joined Ruit and Tabin during a cataract outreach event at a hospital in Taunggyi, Myanmar. During the four-day event, the two surgeons and their team provided training for 30 local ophthalmologists and performed 700 cataract surgeries.

IN THE NEWS

Health Talk with Dr. Manny

Fox News Channel’s Dr. Manny Alvarez interviewed HCP Co-Founders, Dr. Sanduk Ruit and Dr. Geoff Tabin in a segment titled, “Doctors team up to stop preventable blindness,” on Alvarez’s show, Health Watch in April, 2017. During this segment, Drs. Ruit and Tabin explain the impact of cataract blindness in low- and middle-income countries and what HCP is doing to combat needless blindness.

IN MEMORY OF
PEGGY FOSSETT

HCP LOST A DEAR FRIEND WHEN PEGGY FOSSETT PASSED AWAY ON OCTOBER 17, 2017 AT THE AGE OF 73. Peggy was the co-founder and long-time director of the Peggy and Steve Fossett Foundation where she served as a benefactor to many innovative and forward thinking nonprofits. Peggy was known for her sharp mind, dazzling smile and quick wit. Originally from Chicago, she was drawn to the adventurous spirit and remarkable accomplishments of HCP co-founders Drs. Geoff Tabin and Sanduk Ruit.

Much like her late husband, renowned aviator and expeditionist Steve Fossett, Peggy willfully supported daring ventures to bring out the best in people. The Fossetts made their first gift to HCP in 2001, and over their lives contributed over $200,000 to our work.

HCP is deeply indebted to Peggy for her generosity and long-term commitment to our work that changed countless lives. Her legacy will live on for years to come. Thank you.

Help Us Eliminate Needless Blindness. Every Month.

The Sustainers Circle is a community of donors that provides steady, reliable funding to HCP every month, allowing us to enhance our impact by maximizing the resources we direct to programs and minimizing those directed to fundraising. We have recognized Sustainers Circle members by placing an asterix * next to their name in this report. We invite all donors to consider joining the Sustainers Circle by visiting:

www.cureblindness.org/donate/sustainers-circle
PARTNERS

The Himalayan Cataract Project works within a wide and expanding network of groups with the shared goal of eradicating preventable and curable blindness and delivering quality healthcare to the underserved.
